Swimm'n Duck Decoys

Mallard

Pintail

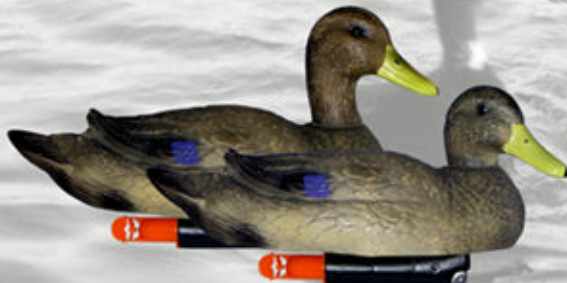

Widgeon

Gadwall

Shoveler

Black Duck

These Swimm'n Duck decoys are a perfect match to the real things. The life-like swimming action produce ripples in the water that just put a finishing touch to your spread.

Features:

- The rudder can be adjusted from right to left to make the decoy swim in clockwise or counter-clockwise direction.
- The decoy head can be rotated to face the direction where it is going. This will give a more realistic look while the decoy is in motion.
- Powerful motor can run as fast as 3000 rpm.

Use 1 AA battery (not included)

Explorer (Swimming Motor)

Explorer is a powerful propeller that allows you to convert your floating decoys to swimmers. The swimming decoys provide a calm and non-dangerous feeling for wary birds flying above.

EX200-2 Explorer II Equips with the claw-style clip that can hold decoys with larger keel securely. It uses 1 "D" size battery (not included) \$14.95

DKL-191 Explorer Keel is a propeller keel designed to fit our Impostor decoys and Avery's GHG life-size decoys with removable keel system. Uses 1 "AA" size battery (not included) \$14.95

GLV-350 Explorer Go-Live features a slim-body style torpedo with integrated weed-guard. It uses 1 "C" size battery (not included), it runs longer than a "AA". Easy to install clip that mounts under a full-size or oversize decoy \$17.95

Note: Decoy is not included

Explorer II

Explorer Keel

Explorer Go-Live

OpenZone Life-size Decoys

These standard life-size floating decoys are made of high impact polyethylene to ensure years of use. We Strive to create the most realistic decoys with life-like paint scheme. Weighted-keel keeps the decoys ride at an upright position.

These high quality decoys are packaged by the 6-Pack:

OZD-581 Mallard
OZD-586 Black Duck
 4 Drakes, 2 Hens
 Size: Drake 15", Hen 15" \$17.95

"Impostor" Decoy Series

Mallard

Pintail

Wigeon

Eurasian
Wigeon

Gadwall

Shoveler

Black Duck

Openzone "Impostor" Decoy Series -

These life-size decoys are made of high impact blow-mold plastic, carved with feather details, high quality non-glare paint finish, hand painted to complete that added realistic look.

Features:

- Head swivels. The heads can be rotated to provide a good variety of setting in your spread.
- Slide-n-lock weighted keels to keep the decoys in up-right position even in rough water.
- Can also be used as field decoys by removing the slide-n-lock weighted keel.

BONUS

1 propeller keel (Explorer) is included for each dozen of the "Impostor" floating decoy. The Explorer keel is specially designed to fit under the slide slot of our Impostor decoy and converts it into a swimmer.

DD-351 Mallard (1 dozen)
Size: Drake 15", Hen 15"

DD-352 Pintail (1 dozen)
Size: Drake 20", Hen 17"

DD-356 Black Ducks (1 dozen)
Size: Drake 15", Hen 15"

8 Drakes - 4 sentry heads, 4 resting heads
4 Hens - 2 sentry heads, 2 resting heads

Size: Drake 15", Hen 13.5"

8 Drakes, 4 Hens

12 removable weighted keel

1 Explorer Keel

All models above \$45.95/bzn

BONUS
Explorer Keel

Zig-Zag Swimmers

Zig-Zag Swimmer - The swimming decoy simulates natural swimming motion of a live duck. It stops, goes straight, goes left and right at random. The decoy mimics a live duck swimming around in water calmly which entice other ducks to come in.

Zigzagging without a defined pattern, that is how a duck moves about in water. The decoy is driven by 2 powerful propellers with integrated weed guard. An electronic circuit controls both motors to make the decoy swim naturally in your spread.

No need to spend time operating a remote control, the decoy will do all the work for you, it will stop and go, twist and turn all by itself.

Individual Zig-Zag Decoy \$79.95

ZZ-811 Mallard Drake

ZZ-812 Mallard Hen

ZZ-821 Pintail Drake

ZZ-822 Pintail Hen

ZZ-831 Shoveler Drake

ZZ-841 Gadwall Drake

ZZ-842 Gadwall Hen

ZZ-851 Wigeon Drake

ZZ-852 Wigeon Hen

ZZ-861 Black Duck Drake

ZZ-862 Black Duck Hen

Uses 2 "C" size batteries (not included)

Flapping Wings Duck Decoys

Flapp'n Duck

Landin' Duck Drake

Landin' Duck Hen

Flapp'n Duck - This Mallard decoy moves in water when the wings start flapping, the wings also touch the water to create a little splash, just enough to catch the attention of the flying birds above.

The decoy equipped with wireless remote control, you can turn your decoy on/off from a range up to 200 feet. The decoy can be use in the water or on a pole stand.

FD-202 Mallard Drake \$139.95

Landin' Duck - The ultimate mechanical duck decoy with wing flapping motion. The decoy simulates a duck back-pedaling for a landing. This is a full body decoy made in durable plastic with perfect paint scheme to match.

There are three different configurations to choose from:

1. Factory installed wireless remote control - Allow you to turn the decoy on/off from a distance up to 200 feet.
2. Built-in 3-Mode Circuit & Switch - Flipping the switch to "Intermittent" mode, the decoy will flap and stop a few seconds at a time automatically. Flipping the switch to "On" mode will set the decoy to flap the wings continuously.
3. Regular On/Off Switch

Wireless Remote Control \$159.95

LD-168-1 Mallard Drake

LD-168-2 Mallard Hen

3-Mode Circuit & Switch \$139.95

LD-168-1M3 Mallard Drake

LD-168-2M3 Mallard Hen

Regular On/Off Switch \$129.95

LD-168-1NR Mallard Drake

LD-168-2NR Mallard Hen

Both Landin' Duck and Flapp'n Duck Package Includes - Decoy body with mechanical assembly, 1 Pair of wings, 12V Rechargeable Battery, Battery Charger, Snap-on poles and Carrying Bag.

Flapping Wings Goose Decoys

Flapp'n Goose - These mechanical goose decoys have the same attention grabbing wing movement like our duck decoys. The flapping motion is so natural that it has been proven to be more effective than the spinning wings.

You can set the goose into flying style or landing style. Simply install the flying head or the landing head to the decoy body, adjust the tilt-able stand into flying or landing position.

The decoy body is made of high density polyethylene with realistic paint job. The overall length of the decoy is 32 inches with a wingspan up to 43 inches. The wings are made of lightweight EVA foam with photographic silk-screen printing. They are removeable for easy transportation.

There are 2 different configurations to choose from:

1. Factory installed wireless remote control - Allow you to turn the decoy on/off from a distance up to 200 feet.
2. Built-in 3-Mode Circuit & Switch - Flipping the switch to "Intermittent" mode, the decoy will flap and stop a few seconds at a time automatically. Flipping the switch to "On" mode will set the decoy to flap the wings continuously.

Wireless Remote Control \$189.95
